Holy hand grenades! Edo is flooded. Bridges are crumbling, rivers are washing past retaining walls, and everything Edo is floating away, including our vengeful ronin Itto Ogami, his foe Retsudo Yagyu, and his little boy Daigoro. In an ironic show of samurai respect, little Cub Daigoro is saved from drowning by the conniving Retsudo. And proving he can lend a hand too, Lone Wolf Ogami pulls someone to safety as well — the evil poisoner Abeno Kaii — maybe he should have let him drown! Eventually, the two opposing master swordsmen dry off and go head to head in a sword fight of a thousand stances and a couple days' length. This seems like it could be the deciding bout between the two, unless that nasty poisoner gets in the way, and he seems to do that a lot lately.

"These are seminal comics... They invent the vocabulary here; slow motion, motion blur, speed and fury and horror. (Lone Wolf and Cub) changed the medium the way Kurosawa changed film."

A NOTE TO READERS

Lone Wolf and Cub is famous for its carefully researched re-creation of Edo-Period Japan. To preserve the flavor of the work, we have chosen to retain many Edo-Period terms that have no direct equivalents in English. Japanese is written in a mix of Chinese ideograms and a syllabic writing system, resulting in numerous synonyms. In the glossary, you may encounter words with multiple meanings. These are words written with Chinese ideograms that are pronounced the same but carry different meanings. A Japanese reader seeing the different ideograms would know instantly which meaning it is, but these synonyms can cause confusion when Japanese is spelled out in our alphabet. *O-yurushi o* (please forgive us)!

FEELING BETTER, ARE WE?

MY SWORD AND YOUR FATHER'S SWORD WERE STUCK IN THE EARTH.
YOU SAW THEM...?
THAT'S A PROMISE BETWEEN SAMURAI. I'LL EXPLAIN.

IT MEANS TWO THINGS.
FIRST, THAT WE'LL NOT FIGHT AGAIN UNTIL WE TAKE UP OUR SWORDS.
IN OTHER WORDS...A TRUCE.
UNDER-STAND ..?

SO, FOR THE MOMENT, YOUR FATHER AND I ARE AT PEACE.
THE OTHER MEANING—A SILENT PROMISE. SO LONG AS WE LIVE, WE *WILL* TAKE UP THOSE SWORDS AGAIN, AND FIGHT TO THE *DEATH*.
YOUR FATHER *WILL* RETURN THERE.
AND SO WILL I.
WHEN THE TIME COMES, I'LL TAKE YOU WITH ME. A *SAMURAI* PROMISE.
I SEE YOU UNDER-STAND.
NOW, COME.

YOU FEEL NO FEAR?
I'VE ORDERED YOU KILLED, BY ANY MEANS NECESSARY I THOUGHT THAT IF I HELD YOU HOSTAGE, THAT DAMNED ITTŌ WOULD BE PARALYZED...
BUT I WAS WRONG HE'S NOT THE KIND OF MAN TO STAY HIS HAND, EVEN IF I HELD YOU.
MY ERROR I THOUGHT YOUR BONDS OF FATHER AND SON WERE LIKE ANY OTHERS.

HE BOASTS ABOUT MEIFUMADŌ, THE SIX PATHS.
BUT IN THE END, I WILL KILL YOU.
AFTER YOUR FATHER IS DEAD
SHISHŌGAN AND WILL.
IF I SPARE YOU, YOU'LL BECOME A DEADLY FOE.

GLOSSARY

aiuchi
When both duelers die.

bushi
A samurai. A member of the warrior class.

bushidō
The way of the warrior. Also known as shidō.

Edo
Edo was a castle town, that rose up around the moats and ramparts of Edo castle, the stronghold of the Tokugawa clan. The central core of the city, administered by the *machi-bugyō* city commissioner, who reported directly to the shōgun's senior councilors, and was demarcated on official maps by a black line, the *kurobiki*, and was called the *go-funai*.

enishi
A fateful, chance connection between two people.

funai
The inner wards of Edo, home to the samurai class (see Edo).

honorifics
Japan is a class and status society, and proper forms of address are critical. Common markers of respect are the prefixes *o* and *go*, and a wide range of suffixes. Some of the suffixes you will encounter in *Lone Wolf and Cub*:
chan – for children, young women, and close friends
dono – archaic; used for higher-ranked or highly respected figures
san – the most common, used among equals or near-equals
sama – used for superiors
sensei – used for teachers, masters, respected entertainers, and politicians.

kirin
A mythical horned creature, much like a deer with the tale of an ox and the hooves of a horse. Said to appear before the birth of a saint.

kuchiyaku
Kuchiyaku were the tasters for the shōgun family. They were called *kuchiyaku*, or "official

mouths," because they checked for poison with their own tongues.

ma-ai
The reach of one's sword. The zone in which you can kill your opponent before he kills you.

meifumadō
The Buddhist Hell. The way of demons and damnation.

mu
Nothingness. A crucial concept in Zen Buddhism, and a goal of all the martial arts. Clearing the mind of all extraneous thoughts and connections, to exist wholly in the moment, freed of all attachment to life and the world around you.

namu
From the Sanskrit *namas*: "take refuge in the Buddha." A common prayer for the dead.

ryū
Often translated as "school." The many variations of swordsmanship and other martial arts were passed down from generation to generation to the offspring of the originator of the technique or set of techniques, and to any *deishi* students that sought to learn from the master. The largest schools had their own *dōjō* training centers and scores of students. An effective swordsman had to study the different techniques of the various schools to know how to block them in combat. Many *ryū* also had a set of special, secret techniques that were only taught to school initiates.

shidō
Bushidō. The way of the warrior.

shishogan
The eyes of a swordsman become one with (the emptiness of) *mu*, alive in the moment between life and death.

toba
A mythical creature.

zanbatō
The mythical horse-slicing stroke used by Ōgami Ittō.
